

COUNTY WILL PAY HALF PAVING BILL

Commissioners Anxious to Complete Unpaved Part of Peoria Avenue

George R. Gilmore, chairman of the board of county commissioners, yesterday signed an agreement with the city which provides that the county will bear its share of the cost of paving all portions of Peoria avenue which are now unpaved. The city commission has already passed an emergency measure for the paving of this thoroughfare which, when completed, will connect Admiral boulevard with the Skiatook road and the highway on the north end of the present paving with the new road on the south.

The north end passes the Mary Patton tract and other tracts outside the city. Although the O. P. & C. company's property is not in the city, this company has agreed to pay a portion of the cost in cash, not being content to make the county bear this expense.

On this stretch past Oklahoma county the city is to bear the cost of paving the west half.

This project is an important one for the city, as Peoria avenue is the only "through" north and south thoroughfare on the east side. It is all the more important because it connects the city paving with the skiatook and the Jenkins hard surfaced highways. The county also co-operates with the city in paving the south end of Peoria.

According to Street Commissioner O. A. Steiner, who has spent much of his time in assuring the success of this project, work will be started as quickly as possible.

Hold Youth for Murder.

POMONA, Cal., Dec. 19.—Robert Turner, 18, was arrested here today and held on suspicion of murder in connection with the death of Mrs. Catherine Swain, who was burned fatally in a fire which destroyed her residence early last Wednesday morning. According to the police, there were indications Mrs. Swain was attacked and bound, after which the dwelling was set on fire.
